

Achievements

F/V UGJIT MIJUA'JI'JG CRABER – TRAWLER 65'

GENERAL

Function	Crabs fishing vessel
	Shrimp/groundfish trawler
Classification	Transport Canada
Construction	Steel
Superstructure	Aluminum

PROPULSION SYSTEM

Main engine	CUMMINS QSK19 IMO tier III
Total power	750 BHP @ 1800 RPM
Gearbox	TWIN DISC MGX-5222DC
Propeller	4x blades with nozzle

DIMENSIONS

Length overall	19.81 m (65') / 21.34 m (70')
Beam overall	7,31 m (24')
Draft	4,0 m (13' 1")
Tonnage	Less than 150 tons

AUXILIARY EQUIPMENT

Generator set	CUMMINS QSB7-DM, 65 kW
Hydraulic/Generator	Cummins QSM11-DM, 355 BHP/65kW
Bow thruster	KEY POWER KP22, 110hp

TANK CAPACITIES

Fuel oil	23 000 Liters
Fresh water	7 900 Liters
RSW fish holds	70 m ³ / 90 m ³

DESCRIPTION

This 65' crab fishing vessel has a 24' wide deck to easily store crab pots and maintain the vessels with good stability and comfort. The advanced RSW system is able to reduce the water temperature in the fish holds to ensure the best quality for your catches. This vessel is also ready to be converted for shrimp and groundfish trawling. Configurable up to a length of 70', this model is equipped with an IMO Tier III engine which means it is fully compliant with international environmental standards to ensure sustainable fishing.

PERFORMANCES

Speed	10 knots
